Summary

I'm Aymen Maïza, a computer science student at ISET Tozeur with a strong passion for web development, AI, and building impactful tech solutions. I enjoy working on full-stack applications, participating in hackathons, and constantly pushing my limits through practical projects. Currently exploring modern technologies like MERN stack, FastAPI, Docker, and AI integration.

Key Achievements

Completed multiple full-stack projects

Completed multiple full-stack projects using **MERN stack and FastAPI**, including authentication, databases, and responsive UI.

Learned and applied modern tools

Applied modern tools such as **Docker, React, Node.js, and PostgreSQL/MySQL**.

Participated in Solutions Lab

Active member of **Solutions Lab** programming club at ISET Tozeur.

Experience

ITQAN Labs

Full Stack Web Developer Intern

Location

02/2025 - 03/2025

Company Description

- Developed real-world applications using MERN stack (MongoDB, Express.js, React.js, Node.js)
- Implemented modern JavaScript frameworks for both frontend and backend systems
- Collaborated with cross-functional teams to design and deploy scalable web features

ITQAN Labs

Full Stack Web Developer Intern

Tozeur, Tunisia

01/2023 - 03/2023

Development of a complete website with Angular for the frontend and MySQL for the database.

- Optimizing features and performance using my SQL skills.

Education

ISET Tozeur

Computer Science (expected 2026)

01/2023 - 01/2026

Certification

AWS Academy Graduate – Cloud Foundations (AWS) — Amazon Web Services (AWS)

Essentiel 1 Python — Cisco Networking Academy

Essentiel 2 python — Cisco Networking Academy

AI Bootcamp — VisionAlres

WE CHALLENGE Hackathon (4th Edition Finalist) — ISET Tozeur

Skills

User interface design · video editing · Algorithmes · FastAPI · Spring Boot · MongoDB · Docker · Java · SQL · Node.js · React.js · Git
